Dear Friends,

Warm greetings from the Department of Social Sciences!

This is a heartfelt thank you note from all of us at the Department of Social Sciences to all who came and graced the occasion of the Thanksgiving Service – the commencement of the Golden Jubilee of the Department.

This is a very special year and the Thanksgiving Service served as the most apt beginning for this year of celebration. With more than 60 guests, the service was attended by former Heads, former teachers, former students from many different batches and friends of the Department whose presence was so very meaningful. Thanks is also due to all those who sent in your wishes to the Department.

Throughout this year, the Department plans various programmes and will keep you all informed of the upcoming events. Kindly do pass on the information to all who have been part of the Social Sciences family.

Warm regards,

Dr. Caroline Nesabai
